PROXY STATEMENT

2007 ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Wednesday, May 16, 2007

ANNUAL MEETING AND VOTING

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of ANSYS, Inc. (the "Company"), for use at the Annual Meeting of Stockholders of the Company to be held on Wednesday, May 16, 2007 at 2:00 p.m. Eastern Time at the Southpointe Club, Southpointe, 360 Southpointe Boulevard in Canonsburg, Pennsylvania, and any adjournments or postponements thereof (the "Annual Meeting").

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of one Class II Director for a three-year term, such term to continue until the annual meeting of stockholders in 2010 and until such Director's successor is duly elected and qualified;
2. The ratification of the selection of Deloitte and Touche LLP as the Company's independent registered public accounting firm; and
3. Such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about April 9, 2007 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 19, 2007 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). Only holders of record of the Company's Common Stock, par value \$.01 per share (the "Common Stock"), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were approximately 38,759,806 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 276 stockholders of record. Each holder of a share of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares that reflect abstentions or "broker non-votes" (i.e., shares represented at the meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting.

The affirmative vote of holders of a plurality of the votes cast by holders of shares of Common Stock present or represented by proxy and entitled to vote on the matter is required for the election of the Class II

[Table of Contents](#)

Director. Abstentions and broker non-votes will not be counted as voting with respect to the election of the Class II Director and, therefore, will not have an effect on the election of the Class II Director.

The affirmative vote of holders of a majority of shares of Common Stock present or represented by proxy and entitled to vote on the matter is required for the approval of the ratification of the selection of the independent registered public accounting firm. Abstentions will be counted as voting against the ratification of the selection of the independent registered public accounting firm.

Stockholders of the Company are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed envelope. You may also vote by telephone or over the Internet in accordance with the procedures on the Proxy Card. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted "FOR" the election of the nominee for Director listed in this Proxy Statement and the ratification of the Company's selection of Deloitte and Touche LLP as the Company's independent registered public accounting firm. It is not anticipated that any matters other than the election of a Class II Director and the ratification of the Company's selection of Deloitte and Touche LLP as the Company's independent registered public accounting firm, will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders. Internet and telephone voting procedures verify stockholders' identities and allow stockholders to confirm that voting has been recorded correctly. Stockholders voting over the Internet should realize that there may be additional costs with electronic access, such as usage charges from Internet access providers, which must be paid by the stockholder.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by giving written notice of such revocation to the Secretary of the Company, or by signing and duly delivering a proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company, including financial statements for the fiscal year ended December 31, 2006 ("Fiscal 2006"), is being mailed to stockholders of the Company concurrently with this Proxy Statement. The Annual Report, however, is not a part of the proxy solicitation material.

DISCUSSION OF PROPOSALS

PROPOSAL 1 ELECTION OF DIRECTOR

Our Board of Directors is divided into three classes, with three Directors in Class I, two Directors in Class II and three Directors in Class III. Directors serve for three-year terms with one class of Directors being elected by our stockholders at each annual meeting.

At the Annual Meeting, one Class II Director will be elected to serve until the annual meeting of stockholders in 2010 and until such Director's successor is duly elected and qualified. Based on the recommendation of our Nominating and Corporate Governance Committee, our Board of Directors has nominated Jacqueline C. Morby for re-election as a Class II Director. Unless otherwise specified in the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the re-election of Ms. Morby as a Director. Proxies cannot be voted for a greater number of persons than the number of nominees named. The nominee has agreed to stand for re-election and to serve, if elected, as a Director. However, if any person nominated by our Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person or persons as our Board of Directors may recommend.

Vote Required For Approval

A quorum being present, the affirmative vote of holders of a plurality of the votes cast by holders of shares of Common Stock present or represented by proxy and entitled to vote on the matter is required for the election of the nominee as a Class II Director of the Company.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEE OF THE BOARD OF DIRECTORS AS A CLASS II DIRECTOR OF THE COMPANY.

**PROPOSAL 2
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

Our Board of Directors, upon the recommendation of our Audit Committee, has selected the accounting firm of Deloitte and Touche LLP to serve as our independent registered public accounting firm for the fiscal year ended December 31, 2007. Deloitte and Touche LLP is considered by our management to be well-qualified. A representative of Deloitte and Touche LLP will be present at our Annual Meeting, will be given the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

Although we are not required to submit the ratification of the selection of our independent registered public accounting firm to a vote of stockholders, our Board of Directors believes that it is sound policy to do so. In the event that the majority of the votes cast are against the selection of Deloitte and Touche LLP, our Directors will consider the vote and the reasons for it in future decisions on the selection of independent registered public accounting firms.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE FOR THE APPROVAL OF THE RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Compensation Discussion and Analysis

Overview of Compensation Program

Our Compensation Committee of the Board of Directors has responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy. The Compensation Committee ensures that the total compensation paid to our named executive officers is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to our named executive officers are similar to those provided to other officers and employees of the Company.

Throughout this Proxy Statement, the individuals who served as our CEO and CFO during Fiscal 2006, as well as the other individuals included in the Summary Compensation Table on page 17, are referred to as the "named executive officers."

Objectives of Compensation Program

The main objective of our executive compensation program is to create a competitive total rewards package based on the attainment of short-term performance objectives and long-term strategic goals. Accordingly, our executive compensation program consists of the following three principal elements: base salary, cash bonus and equity grants in the form of stock options and restricted stock, with an emphasis on incentive compensation rather than base salary. Our executives are also generally eligible to participate in employee benefit and retirement plans offered by the Company, which currently include defined contribution and 401(k) plans, an employee stock purchase plan, and health care and other insurance programs. The benefit programs available to executives are the same as those available to all other eligible employees.

Decision-Making; Role of Executive Officers in Compensation Decisions

The Compensation Committee of our Board of Directors is comprised solely of non-affiliate independent Directors who meet the independence requirements of the NASDAQ and qualify as "outside directors" under Section 162(m) of the Internal Revenue Code. Our Compensation Committee makes all decisions regarding the compensation of our CEO, including establishing the performance goals and objectives for our CEO, evaluating our CEO's performance in light of the goals and objectives that were set, and determining and recommending to our Board the CEO's compensation based on that evaluation.

Our CEO makes recommendations to our Compensation Committee for the compensation of our CFO and all other named executive officers. Our Compensation Committee and Board may accept or adjust such recommendations as they determine in the best interests of the Company and its stockholders and has final approval over all such compensation decisions. To the extent not established by our Board of Directors, our Compensation Committee is also authorized to establish compensation and benefits for our Chairman and for new and existing non-affiliate independent Directors.

Our Chairman, CEO, Vice President of Human Resources and our external compensation consultant provide advice, analysis and recommendations to our Compensation Committee.

Setting Executive Compensation

Based on the foregoing objectives, our Compensation Committee has structured the Company's annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Company and reward executives for achieving such goals. In furtherance of this goal, our Compensation Committee has engaged Frederick W. Cook & Co. ("F.W. Cook"), an independent compensation consulting firm, to conduct a review of its total compensation program for our CEO and CFO, as well as for other key executives. F.W. Cook provides our Compensation Committee with relevant market data and alternatives to consider when making compensation decisions for our CEO and on the recommendations being made by the Company's CEO for our CFO and other executives.

[Table of Contents](#)

In setting executive compensation, our Compensation Committee reviews all of the elements of each executive officer's total compensation, and considers the analysis and recommendations of its compensation consultant, industry surveys and comparison with the following internally and externally developed peer group companies:

Advent Software, Inc.	Informatica Corporation	MTS Systems Corporation
Agile Software Corporation	Kronos Incorporated	Parametric Technology Corp.
Ansoft Corporation	Lawson Software, Inc.	QUEST Software, Inc.
Aspen Technology, Inc.	MAGMA Software	The Reynolds and Reynolds Co.
FactSet Research Systems Inc.	Manhattan Associates, Inc.	Serena Software, Inc.
Fair Isaac Corporation	Mentor Graphics Corp.	Synopsys, Inc.
Filenet Corporation	MicroStrategy, Inc.	TIBCO Software Inc.
Hyperion Solutions Corporation	Moldflow Corporation	Verint Systems Inc.

The peer companies include firms within our industry, and we compare ourselves to peers in terms of revenue, net income, market capitalization, and 1-year and 3-year total returns. At the start of Fiscal 2006, our Company was below the 25th percentile in revenue, near the 50th percentile level in net income and market capitalization, and above the 75th percentile in 1-year and 3-year total returns in relation to the peer companies. In setting executive compensation for Fiscal 2006, our Compensation Committee established base salaries and target bonus levels at or below a mid-point level in relation to the peer companies.

Elements of Executive Compensation

Our Compensation Committee also evaluates the achievement of corporate, individual and organizational objectives for each executive officer during the prior fiscal year. Each element of compensation is chosen in order to attract and retain the necessary executive talent, reward corporate performance and provide incentive for the attainment of long-term strategic goals. The allocation of each element of compensation is determined by our Compensation Committee for each executive based on the following factors:

- Performance against corporate, individual and organizational objectives for the fiscal year;
- Importance of particular skill sets and professional abilities to the achievement of long-term strategic goals; and
- Contribution as a leader, corporate representative and member of the senior management team.

These elements support our overall compensation philosophy by creating a balanced focus on shorter-term corporate performance and the achievement of longer-term business goals and stockholder value. While we believe in structuring executive compensation plans that give our executives incentive to deliver certain objective elements of corporate financial performance over specified time periods, we do not believe in a purely mechanical approach. Instead, part of our executive compensation philosophy includes an element of reward for non-quantitative achievements demonstrated by our executives in the actions and decisions they have taken throughout the year. When establishing our executive compensation plans for a given year, it is not possible to foresee all of the challenges and demands that will be made of our executives, both as a management team and in their areas of individual responsibility. We believe that by rewarding the quality of our decision-making and leadership, in addition to the achievement of quantifiable results, we are building a management team capable of creating stockholder value over the longer-term, while remaining disciplined in delivering shorter-term financial results. Accordingly, there is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee reviews information provided by its compensation consultant, industry surveys and peer company data to determine appropriate level and mix of incentive compensation. Income from such incentive compensation is realized as a result of the performance of the Company and the individual, depending on the type of award, compared to established goals.

Base Salary

Our base salary determinations principally reflect the skills and performance levels of individual executives, the needs of the Company, and pay practices of comparable public companies. In setting base salaries for Fiscal 2006, our Compensation Committee reviewed the base salaries of officers with comparable qualifications, experience and responsibilities at public companies we historically viewed as peers, and the peer group recommended by our compensation consultant for our CEO set forth on page 12. It is not our policy to pay our executive officers at the highest base salary level. Instead, we establish executive base salaries conservatively at or below a midpoint level relative to an appropriate set of peers. We believe this policy sets a prudent and fiscally responsible tone for the Company's overall base salary compensation programs.

Target Bonus

Cash bonuses under the Company's executive bonus plan principally reflect the Company's financial performance and achievement of corporate objectives established by our Board prior to the start of each fiscal year. The executive bonus plan is designed to reward our executives for the achievement of shorter-term financial goals, predominantly revenue growth and profitability, with cash flow and days sales outstanding ("DSO") factors also considered. Generally, we reward our executives for their performance as a team in the attainment of these corporate goals and also for their individual achievement of goals specific to each executive. Accordingly, target bonuses for our executives range from 30% to 100% of base salary for Fiscal 2006, depending on the specific role and job responsibilities held by each of our executives. Target bonus levels correspond to our performance against revenue, operating profit, and diluted earnings per share targets established in our Fiscal 2006 internal financial plan¹ and other non-quantitative goals. Performance above target levels may result in cash bonuses that exceed our bonus targets. Our CEO's cash bonus is determined semi-annually based on corporate, individual and organizational performance at mid-year and year-end. Cash bonuses for our other executive officers are determined quarterly and at year-end. All bonus awards to any individual executive or the officers as a group are at the discretion of our Compensation Committee.

Bonuses Awarded in 2006

Our Compensation Committee awarded cash bonuses for Fiscal 2006 based upon our over-achievement of the revenue, operating profit, and diluted earnings per share performance goals established in our 2006 internal financial plan and as reflected in the 2006 executive bonus plan approved by our Compensation Committee. At our actual achievement level of 102% of revenue, 108% of operating profit and 124% of diluted earnings per share, and for non-quantitative achievements, including our acquisition and integration of Fluent Inc., each named executive officer was awarded a cash bonus greater than his or her 2006 target bonus. Mr. Cashman received an annual cash bonus of 127% of target, Ms. Shields received an annual cash bonus of 154% of target, Mr. Fairbanks received an annual cash bonus of 148% of target, Mr. Reid received an annual cash bonus of 113% of target, and Mr. Wheeler received an annual cash bonus of 121% of target.

We also distributed a portion of our executive bonuses for Fiscal 2006 performance in the form of stock grants, subject to certain restrictions, awarded on March 15, 2007. Our five named executive officers received an aggregate of 4,417 shares of Common Stock, representing .01% of the outstanding shares of our Common Stock

¹ As disclosed in our quarterly SEC filings, we utilize non-GAAP financial measures to evaluate the Company's historical and prospective financial performance, set internal sales targets and spending budgets, allocate resources, measure operational profitability and accuracy of forecasting, assess financial discipline over operational expenditures and as an important factor in determining variable compensation for our management and employees. Accordingly, the revenue, operating profit and diluted earnings per share financial measures established in our 2006 internal financial plan exclude the income statement effects of stock-based compensation, purchase accounting for deferred revenue, acquisition-related amortization of intangible assets and the one-time acquired in-process research and development charge resulting from our acquisition of Fluent Inc.

as of December 29, 2006, and an additional aggregate cash payment of \$72,100, representing a payment of 25% of the fair market value of the stock award for tax assistance. These shares were fully vested upon grant and are subject only to a lock-up agreement restricting transfer until the earlier of (i) the fourth anniversary of the grant date, (ii) termination of employment with the Company, or (iii) a change of control of the Company.

Equity Compensation

Stock option and restricted stock awards principally reflect the responsibilities to be assumed by each executive in the upcoming fiscal year, the responsibilities of each executive in prior periods, the size of awards made to each executive in prior years relative to the Company's overall performance, available stock for issuance under our Option Plan, and potential grants in future years. The Committee believes that stock option and restricted stock grants (1) align the interests of executives with long-term stockholder interests, (2) give executives a significant, long-term interest in the Company's success, and (3) help retain key executives in a competitive market for executive talent. The Company does, however, monitor industry trends and applicable tax, accounting and regulatory changes and may in the future, for financial, competitive or other reasons, use other equity incentive vehicles in place of or in combination with stock options and restricted stock.

Equity Awards Granted for 2006

Our Company has no set formula or timeframe for the granting of equity awards to individual executives or employees. During Fiscal 2006, options to acquire an aggregate of 805,600 shares of our Common Stock were granted to our employees, officers and non-affiliate independent Directors, representing 2.1% of the outstanding shares of our Common Stock as of December 29, 2006. Of this aggregate amount, our five named executive officers received stock options to acquire an aggregate of 144,000 shares, or approximately 18% of the total options we granted in Fiscal 2006. Our employees and other officers received approximately 78% of the total options we granted in Fiscal 2006. Our non-affiliate independent Directors received approximately 4% of the total options we granted in Fiscal 2006 pursuant to the terms of our Option Plan.

Equity Grant Policy

In October 2006, our Compensation Committee approved and adopted the ANSYS, Inc. Equity Grant Policy effective December 31, 2006. Under our policy, all grants, and the terms and conditions thereof, are authorized and approved by our Compensation Committee. Our Compensation Committee may authorize block grants of options or stock for employees who are not executive officers or directors of the Company, and delegate the allocation of those awards to our CEO, CFO, General Counsel and Vice President of Human Resources. Our Compensation Committee has delegated to our CEO and Vice President of Human Resources authority to make new hire option grants of less than 10,000 options per new hire, not to exceed an aggregate of 50,000 delegated new hire option grants per calendar quarter. Our Compensation Committee must authorize and approve any change to the terms and conditions of any grant and any exceptions to our policy.

Under our policy, grants to existing directors, officers, employees, consultants and key persons occur during open trading windows when all material information, including our earnings, has been publicly disclosed. Accordingly, the grant date for all grants will be the later of (i) forty-five (45) days after the end of each calendar quarter or the next business day thereafter, or (ii) two (2) business days after the start of our next open trading window after the end of a calendar quarter or the next business day thereafter. No grant date shall precede the date the grant was authorized by our Compensation Committee. The grant date for delegated new hire grants shall be the last business day of the month in which the hire date occurs and shall not precede the employee's hire date.

The grant or exercise price for all grants will be the fair market value of the stock on the grant date. It is our policy to set the fair market value equal to the closing price of the stock on the grant date.

Equity Ownership by Executives

We do not currently have a formal equity ownership requirement for our executives. However, we encourage our executives to own equity in the Company on a voluntary basis. All of our named executive officers own stock, restricted stock and vested and unvested stock options. We periodically review the vested and unvested equity holdings of our executives and evaluate whether these holdings sufficiently align the interests of our executives with the long-term interests of our stockholders. We may consider adopting equity ownership requirements in the future.

Perquisites

Our executives are entitled to few benefits that are not otherwise available to all of our employees. We do not provide aircraft or premium travel allowances to our executives, and we have no deferred compensation, pension arrangements, post-retirement health coverage or similar benefits for our executives.

Perquisites Provided in 2006

All of our named executive officers participated in the same Company retirement plans that are available to all of our eligible employees. Mr. Cashman, Ms. Shields, Mr. Fairbanks and Mr. Wheeler each received a Company retirement plan contribution of \$26,400. Mr. Reid received a Company retirement plan contribution of \$11,534. Mr. Cashman received an auto allowance and reimbursement for auto usage-related expenses of \$8,593 and life insurance premiums totaling \$3,430. Mr. Fairbanks received an auto allowance of \$6,000 and spouse paid travel for the President's Club trip of \$1,750. Our corporate health and other insurance plans are the same for all eligible employees, and our executives pay the same premiums as our other employees who are enrolled in our plans.

Post-Employment Compensation

Retirement Benefits

We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our U.S.-based employees are eligible to participate in our defined contribution and 401(k) plans. In any plan year, we will contribute to each participant a matching contribution equal to 100% of the participant's deferred salary contribution, up to a maximum matching contribution of 3-5% of the participant's total wages or salary subject to federal income tax withholding. A large portion of our U.S.-based employees are also eligible to receive a discretionary profit share contribution of 0-5% of their total wages or salary subject to federal income tax withholding. Those who joined the Company prior to January 1, 2004 are also eligible to receive a discretionary retirement plan contribution of 0-5% of their total wages or salary subject to federal income tax withholding. All of our U.S.-based executive officers participated in one of our defined contribution and 401(k) plans during Fiscal 2006 and received matching contributions of up to 5%, a discretionary profit share contribution of up to 2% and a discretionary retirement plan contribution of up to 5%.

Nonqualified Deferred Compensation

We do not provide any nonqualified defined contribution or other deferred compensation plans.

Other Post-Employment Payments

We do not provide post-employment health coverage or other benefits, except in connection with certain employment agreements, details of which are included below under "Employment, Severance and Change-of-Control Agreements."

Table of Contents

Employment, Severance and Change-of-Control Agreements

All of our employees, including our executive officers, are employees-at-will and as such do not have employment contracts with us, except in the case of our Chairman, CEO and some employees of our foreign or acquired subsidiaries.

We have an employment agreement with Mr. Peter J. Smith, our Chairman, dated March 28, 1994. Mr. Smith's Employment Agreement (i) provides for an annual base salary and participation in the Company's executive bonus plan, (ii) is for an indefinite term unless terminated by either party, (iii) provides for severance at the annual rate of \$300,000 and continuation of then-existing benefits in the event Mr. Smith's employment is terminated by the Company without cause or in the event of a constructive termination (as defined) until the earlier of one year after termination or Mr. Smith's acceptance of other employment and (iv) restricts competitive activities by Mr. Smith for one year following termination of his employment other than for cause or in the event of a constructive termination. The Company provided Mr. Smith with \$309,058 at the time of his employment to purchase an annuity that will result in payments to Mr. Smith beginning at age 62.

We have an employment agreement with Mr. James E. Cashman III, our President and CEO, dated April 21, 2003. Mr. Cashman's Employment Agreement (i) provides for an annual base salary and participation in the Company's executive bonus plan, (ii) is for an indefinite term unless terminated by either party, (iii) provides for termination benefits equal to two times his combined salary and target bonus and continuation of benefits then in effect if the Company terminates him without cause at any time or demotes or terminates him with or without cause within 180 days following a change of control of the Company, or if he resigns following the Company's material breach of his employment agreement, (iv) in the case of change of control of the Company, provides that all awarded stock options shall become fully vested upon the effective date of the transaction, (v) provides Mr. Cashman with a \$2.0 million term life insurance policy, the proceeds of which are payable to beneficiaries designated by Mr. Cashman, and (vi) restricts competitive activities by Mr. Cashman for two years following the termination of his employment with the Company regardless of the basis of that termination.

We have an employment agreement with Mr. J. Christopher Reid, our Vice President of Marketing, which was entered into on February 20, 2003 in connection with our acquisition of the CFX business and amended on May 1, 2006. Mr. Reid's Employment Agreement (i) provides for an annual base salary and participation in the Company's executive bonus plan, (ii) is for an indefinite term unless terminated by either party, (iii) provides for termination benefits equal to twelve months salary then in effect if the Company terminates him other than for cause at any time or terminates him following a change of control of the Company, and (iv) restricts competitive activities by Mr. Reid for one year following the termination of his employment with the Company.

We have stock option agreements with all employees and executive officers who have been granted stock options. With the exception of our Chairman, CEO and CFO, all of our employee stock option agreements provide for "double trigger" vesting in the event of a change of control of the Company. If within 18 months of a change of control, the employee's employment is terminated by the Company without cause or is terminated by the employee after any material adverse modification of his or her duties, principal employment location or compensation, then all stock options awarded to that employee shall become fully vested.

Given their role in any corporate transactional activities, we have agreements with Mr. Peter J. Smith, our Chairman, Mr. James E. Cashman III, our CEO, and Ms. Maria T. Shields, our CFO, which provide that all stock options awarded to each of them are subject to "single trigger" vesting and shall become fully vested in the event of a change of control of the Company.

Had a change of control occurred during Fiscal 2006 and had their employment been terminated on December 31, 2006, Mr. Smith, Mr. Cashman, Mr. Reid, Mr. Wheeler, Mr. Fairbanks and Ms. Shields would have been eligible to receive the payments set forth in the table entitled "Potential Payments Under Employment, Severance and Change-of-Control Agreements" on page 20 of this Proxy Statement.

Our Compensation Committee authorized the grant of stock option awards to our named executive officers at a regularly scheduled meeting, which was held on October 24, 2006, the same date on which it authorized the grant of stock option awards to our other officers and employees. In keeping with our standard policy and practice, the employee option allocation was finalized and all of the awards were granted on November 20, 2006, which was during the next open trading window after the Compensation Committee meeting. The exercise price of the stock options that were awarded was \$48.02 per share, the closing price of our Common Stock on the grant date as reported on the NASDAQ Global Select Market. The terms of the options provide for vesting in four equal annual installments commencing one year from the date of grant. The options have a 10-year life.

Potential Payments Under Employment, Severance and Change-of-Control Agreements

The table below sets forth the payments that the Company would be required to make in the event that any of the named executed officers were terminated without cause or, in the case of Mr. Cashman, by the employee for good reason, or, in the case of Mr. Reid, upon a change in control.

Name	Salary & Bonus (\$)	Benefits (\$)(1)	Outplacement Services (\$)	Total (\$)

- (1) Consists of health, dental, vision, life and disability insurance coverage. The value is based upon the type of insurance coverage we carried for each executive officer as of December 31, 2006 and is valued at the premium in effect on December 31, 2006.
- (2) Mr. Cashman is entitled to two years of salary and bonus and benefits. The amounts set forth in this row show the aggregate payments to which he is entitled over the two-year period.

In addition to the payments set forth in the table above, upon a change in control, the named executed officers would be entitled to vesting of their options under certain circumstances.

[Table of Contents](#)

Mr. Cashman and Ms. Shields are subject to “single-trigger” vesting, so upon a change of control, all of their options would immediately vest. Assuming a change of control occurred on December 29, 2006 and that the price per share is the closing market price as of that date, Mr. Cashman would receive \$3,574,250 and Ms. Shields would receive \$207,928, respectively.

Each of Mr. Fairbanks, Mr. Reid and Mr. Wheeler are subject to “double-trigger” vesting, as further described above under “Post-Employment Compensation—Employment, Severance and Change-of-Control Agreements.” Assuming a change of control occurred on December 29, 2006 and that the price per share is the closing market price as of that date, Mr. Fairbanks, Mr. Reid and Mr. Wheeler would receive \$123,638, \$565,860 and \$545,088, respectively.

Each of Mr. Cashman, Ms. Shields, Mr. Fairbanks, Mr. Reid and Mr. Wheeler have stock award grants totaling 2,147, 1,264, 1,264, 771, and 1,171 shares that would no longer be subject to a lock-up agreement restricting transfer upon a change of control of the Company.

Compensation Consultant

In October 2005, our Compensation Committee solicited proposals from three independent compensation consultants and retained the services of F.W. Cook. F.W. Cook was charged, among other things, with conducting a competitive assessment of our director compensation, CEO compensation and executive equity compensation. In addition to talking to members of our Compensation Committee, they also contacted certain of our executive officers and other employees in our human resources and legal departments to obtain historical data and information about previous compensation practices. In preparing its analysis, F.W. Cook developed a peer group of public companies consisting of firms comparable in size and industry to ours, and analyzed our relative performance in terms of revenue, net income, market capitalization, 1-year total return and 3-year total return. Our Compensation Committee considered the recommendations of F.W. Cook when setting the base salary and target bonus of our CEO for Fiscal 2006 and when making executive equity awards in Fiscal 2006. In October 2006, our Compensation Committee directed F.W. Cook to perform a competitive assessment of our executive base salary and target bonus compensation, which the Compensation Committee intends to utilize, among other sources of information, in setting the base salaries and target bonuses of our executive officers for fiscal year 2007.

Tax and Accounting Considerations

The Internal Revenue Code of 1986, as amended, limits the federal income tax deductibility of compensation paid to the Company’s CEO and the four highest compensated executive officers. For this purpose, compensation can include, in addition to cash compensation, the difference between the exercise price of stock options and the value of the underlying stock on the date of exercise. The Company may deduct compensation with respect to any of these individuals only to the extent that during any fiscal year such compensation does not exceed \$1 million or meets certain other conditions (such as stockholder approval). Considering the Company’s current compensation plans and policy, the Company and the Compensation Committee believe that, for the near future, there is little risk that the Company will lose any significant tax deduction relating to executive compensation. We reserve the right, however, to use our judgment to modify the Company’s compensation plans and policies to maximize deductibility, and to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions or the officer’s performance.

Compensation Committee Report

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis (the “CD&A”) for Fiscal 2006 with management, and has recommended to our Board of Directors that the CD&A be included in our proxy statement for Fiscal 2006, and be incorporated by reference in our Annual Report on Form 10-K for Fiscal 2006 for filing with the Securities and Exchange Commission.
